- 14 4x4 Grids
- Blank Grids
- Answer Key
- Black & White

# Rules

## How to use this resource

The goal of the game is to find a maximum of words.

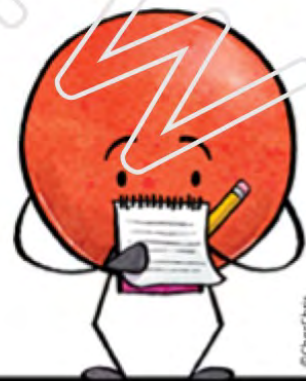

The letters must be adjoining in a 'chain'. (Letters in the chain may be adjacent horizontally, vertically, or diagonally, in any direction.) A letter cannot be used twice in the same word.

Words must contain at least three letters.

You will find two different kind of grids : 3x3 or 4x4

Blank grids are also included if you want to make your own activity and use some specific words.

An answer key is provided for each grid.
