Note to the teacher

For the following activities,
I recommend you print, laminate
and cut all the labels.

Choose how you want your students to work:

1) Hand your students the pages "I need help with... making sentences" 1, 2 and 3 : they will have to write their sentences on it.

or

2) Hand your students the cards with the characters on them and the labels. They will re-arrange the labels on the table before writing the sentence in their notebook.
